About African Philanthropy Forum

African Philanthropy Forum (APF) exists to close the funding gap in Africa, flip its dependency on international aid and unlock local funding for homegrown development.

APF was established in 2014 and incubated by the Global Philanthropy Forum (GPF), a global network of strategic philanthropists and social investors committed to international causes. In 2017, APF became an independent entity registered in Nigeria and South Africa and continues to be affiliated to the GPF.
OUR MISSION

African Philanthropy Forum is a strong and vibrant community of partners who through their strategic giving, investments and influence, foster shared prosperity on the African continent.

OUR VISION

Transform the culture of giving in Africa to the extent that it exceeds development aid by 2030.
Our Impact

Over the years, APF has established a strong presence on the Continent, with footprints in 14 African countries, namely, Cameroon, Côte d’Ivoire, Egypt, Ethiopia, Ghana, Kenya, Malawi, Morocco, Nigeria, Rwanda, South Africa, Tanzania, Uganda, and Zimbabwe through its convenings and activities.

APF has also invested in the development of two Toolkits for African Philanthropists and the “Why Give” Series, which consists of interviews with Africa’s strategic philanthropic leaders to showcase their motivations for giving.

Since inception, APF has reached over 3,000 philanthropists, social investors and key stakeholders in the philanthropic space across Africa and the world.

Through high impact convening and initiatives, APF has facilitated collaborations, amplified the work of change makers and shared best philanthropic practices and strategies for promoting homegrown development.
